Partnership Opportunities

Julie M. Dinkins is a healthcare leader and corporate career strategist with more than two decades of experience across leading pharmaceutical organizations.Throughout her career,she has held roles spanning sales leadership, market access strategy, digital health innovation, and enterprise level learning development. Her book,The Company Compass: Workplace Truths and Realities You're Never Told, provides practical guidance for early and mid-career professionals navigating corporate environments. She developed a trademarked seven pillar framework for people in early & mid-career. Julie is passionate about helping the next generation build confidence, strategic awareness, and leadership skills through mentorship and shared experience.
